

International Architecture Salary Guide 2010

The monthly packages below include everything that is available in the Gulf region i.e. basic salary + accommodation allowance + car allowance. There is no provision from an employer in the UAE for school fees or other associated costs, as funds for this must come out of the individuals basic salary. The only “extras” that would be added would be health insurance for the individual (not family) and 1 economy return flight to and from the point of origin for the individual (not family).

| Title | Low p/m AED | Ave p/m AED | High p/m AED |
