Senior Consultant

Our Creative Support division requires an experienced Senior Consultant to join this well established desk. The successful applicant will need to recruit for anything from a Receptionist to a Studio Manager, from a Project Secretary to a Marketing Executive all for our design client base. It is a fast paced desk recruiting contract and permanent staff.

It is essential that you are a proven biller and have worked in a senior position managing and building up a successful desk. You will preferably have recruited for support staff in your previous positions and have good solid knowledge in the area. You will be able to pick up the current desk and develop it further to create a high billing division in a well formed recruitment team.

If you have the drive, determination and can-do attitude to fit with the rest of our team then we want to hear from you.
